

## PRESS RELEASE

For Immediate Release....August 24, 2011

The directors of GNP Consulting Ltd. are pleased to announce that the legal agreements to add Lethbridge Inland Terminal Ltd (LIT) to the ownership group have been completed. LIT has become the sixth independent grain company to join GNP to create a significant alliance of farmer owned grain companies in Western Canada.

The strategic shipping alliance of the GNP partners represents a large number of farmer shareholders and grain volumes. The collective inland storage and handling capacity of GNP partners now totals 370,000 metric tonnes and an approximate throughput of 2 million metric tonnes. GNP will provide the partners and farmers a vital strategic advantage to capitalize on future opportunities.

GNP General Manager, Perry Pellerin stated "I am excited about the growth of our company and the increased volumes of grain that strategically positions us for the future". Mr. Pellerin also stated "The GNP group is now in the top 5 West Coast grain shippers in Canada"

GNP is a consortium of farmer owned, independent grain shippers and handlers strategically located across Western Canada.
