

## **PRESS RELEASE**

**For immediate release....February 27, 2009**

### **Prairie West Terminal partners with UFA Co-operative Limited**

Prairie West Terminal Ltd is partnering with UFA Co-operative Limited to deliver an improved offering of crop inputs to their Saskatchewan customers.

"Our new partnership will open up larger opportunities for our customers and shareholders," says Andy Travers, general manager of Prairie West. "We will have access to products that a traditional wholesaler could not provide and we'll be on a level-playing field with our established competitors."

This partnership with UFA strengthens Prairie West's entrance into the crop input market and builds on previously existing synergies between the two businesses. For UFA, partnering with Prairie West Terminal is another example of their Enterprise Solutions initiative, taking UFA products, services and expertise directly to the farm gate.
